## The Jaw-Dropping View From The Top Of Ultra-Luxury Highrise One57

Ultra-luxury New York apartment building One57 topped out in June, and now buyers are being offered a preview of their views at the still-under-construction highrise, according to The Real Deal.

The 1,005-foot-tall building will be New York's tallest residential building when it opens in 2013.

Developer Extell sent over a photo of the view of Central Park from the 86th floor of the building, where apartments are [selling](#) for tens of millions of dollars. We're drooling.
